What is i-Ready?

DIAGNOSITC

Online Instruction

Teacher Led Instruction

Why take the *i-Ready Diagnostic*?

Remember, the Diagnostic **helps us**:

- Find out what you know
- Understand what you are ready to learn
- Make the best use of your learning time

How does the Diagnostic work?

i-Ready is **adaptive**. This means the questions change based on your answers to earlier questions. You will see questions **you won't know how to answer. That is okay!**

Some questions will be . . .

Helpful Tips

Take your time and **do not rush**.

Read each question and answer choice **carefully**.

If you get a question you have not learned yet, **try your best**.
Like school, your teacher and family cannot help!

For Math—Show your work on **paper** for every problem.

For Reading—Read each passage carefully, and **reread** the passage when necessary.

Check your work before going to the next question.

TAKE AWAY

The *i-Ready Diagnostic* provides information to your child's teacher(s) so they can best meet his/her needs.

Helps your child by creating a great testing environment but don’t help them on the assessment!

Use the support resources available on our support sites for families.
